Convert wiki page to another language

What is conversion of wiki page from one language to another?

The converting of one language to another is actually copying the wiki page from one folder to another.

e.g.Convert the english tutorial wiki page to chinese

- open the english wiki page, e.g. http://wiki.questwork.com/dokuwiki/doku.php?id=course:wordpress_tutorials:download_manager:start
- click the top-right flag icon. you will see the “zh” options is grey
- click the “zh” link and it will open the Chinese wiki page and said it is not exist

- click the “edit” icon on the right-hand side. It will then auto copy the english content to it.
- click “Save” button to save it.

It will then have the headings saying “等待修复 此页面没有被翻译完全。请帮助翻译本页。”

- Finally, go to the Chinese index page (the page with link to this page) and then edit the hyperlink by adding “zh” in front. e.g. http://wiki.questwork.com/dokuwiki/doku.php?id=zh:course:wordpress_tutorials:start and then edit the link to “Download Manager”.

- Save it and test the wiki page.
