

Medinote

Overview

The below instructions cover the basic usage of the MediNote application.

More tutorial: [Advanced usage](#)

Login

1. Launch the MediNote app from the home screen.

2. Enter the Username and Password for your account in MediKare.

MediNote

Making notes on a patient document

1. On the 'Patient Queue' page, you should see the 'arrived' queue. Click to select a patient.

2. You will find a list of patient documents. Scroll and find the document you want and click to select it.

3. Using your finger or the pen, select a tool and configurations on the toolbar on the left.
4. Draw with the pen on the canvas on the right.
