# MediNote - Templates

Overview

The instructions below shows how to add a template image such that it shows up as a background paper when creating a new page.
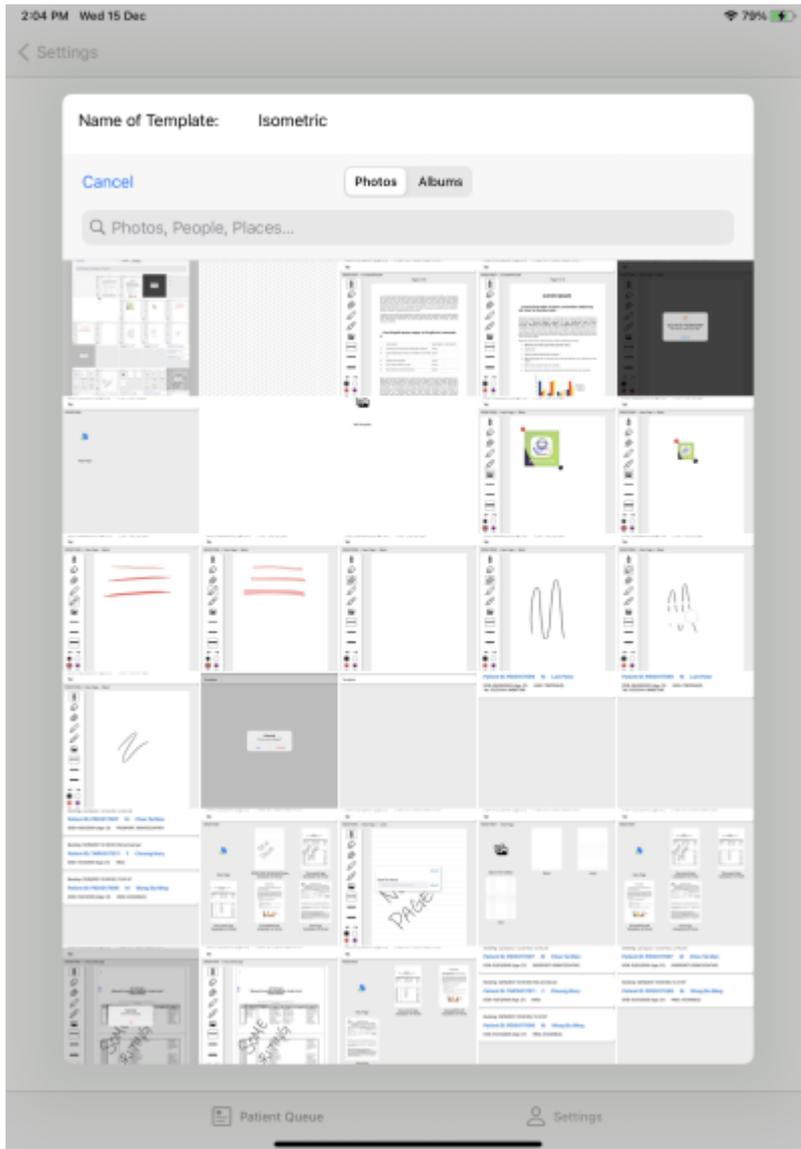

Creating a template

1. Select the 'Settings' page on the bottom right.

2. Select 'Templates' by clicking on the button.

3. Select 'Add Template' by clicking on it

4. Enter a name for the template at the top of the window, then click on the image you want to

import.

5. The image should now show up as a paper type when you create a new page for a patient.
