

How to display news Excerpts

显示news的摘要需要用到两个plugins分别是List category posts和 Rich Text Excerpts它们的功能分别是：控制显示news的数量和控制每一条news的摘要的字数。

- Reference<https://wordpress.org/plugins/list-category-posts/> and <https://wordpress.org/plugins/rich-text-excerpts/>

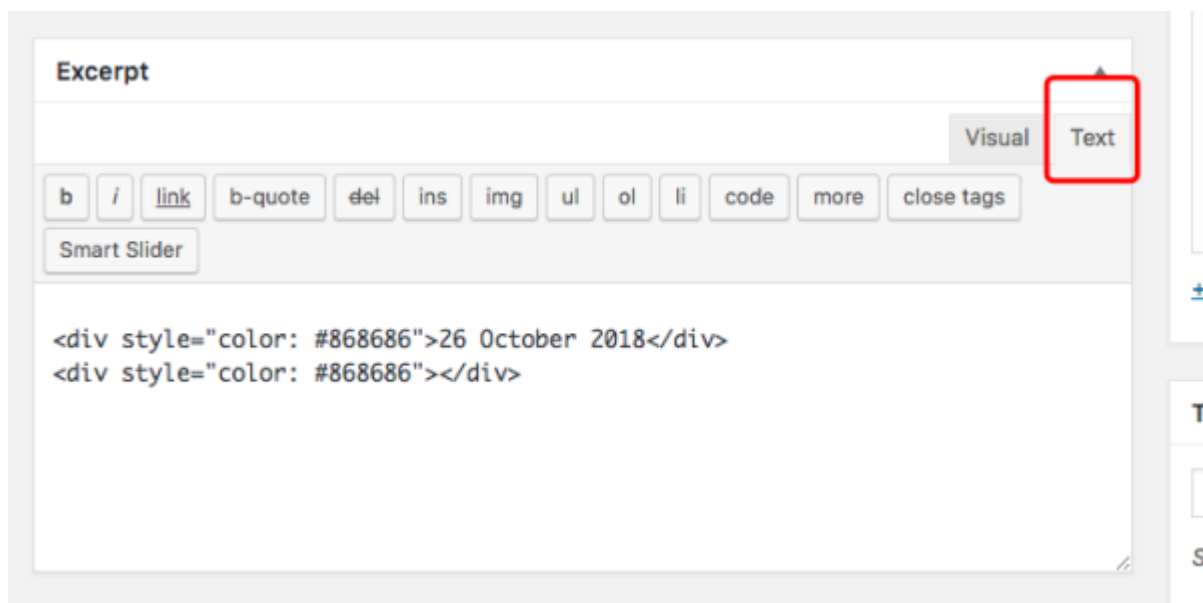

Rich Text Excerpts

- 安装好Rich Text Excerpts 这个plugin之后post的编辑页面会多了一个写“Excerpt”的地方
- 1.dashboard>postos>add new

The screenshot shows the 'Add New Post' interface in WordPress. At the top, there's a title field labeled 'Enter title here' with a red arrow pointing to it and the text 'news的标题' (news title). Below the title field is a rich text editor for the content, with a red arrow pointing to it and the text 'news的内容' (news content). At the bottom, there's a 'Post Options' section with a dropdown menu. The 'Excerpt' option is selected, and a red arrow points to it with the text '摘要' (summary). The right sidebar contains 'Publish' options (Save Draft, Preview), 'Status: Draft', 'Visibility: Public', and 'Publish immediately'. Below that is a 'Categories' section with a list of categories and a 'Tags' section.

- 2. 按照要求填写好post title此处对应的时候news的标题
- 3. 写入news的内容
- 4. 在excerpt区域内写入摘要

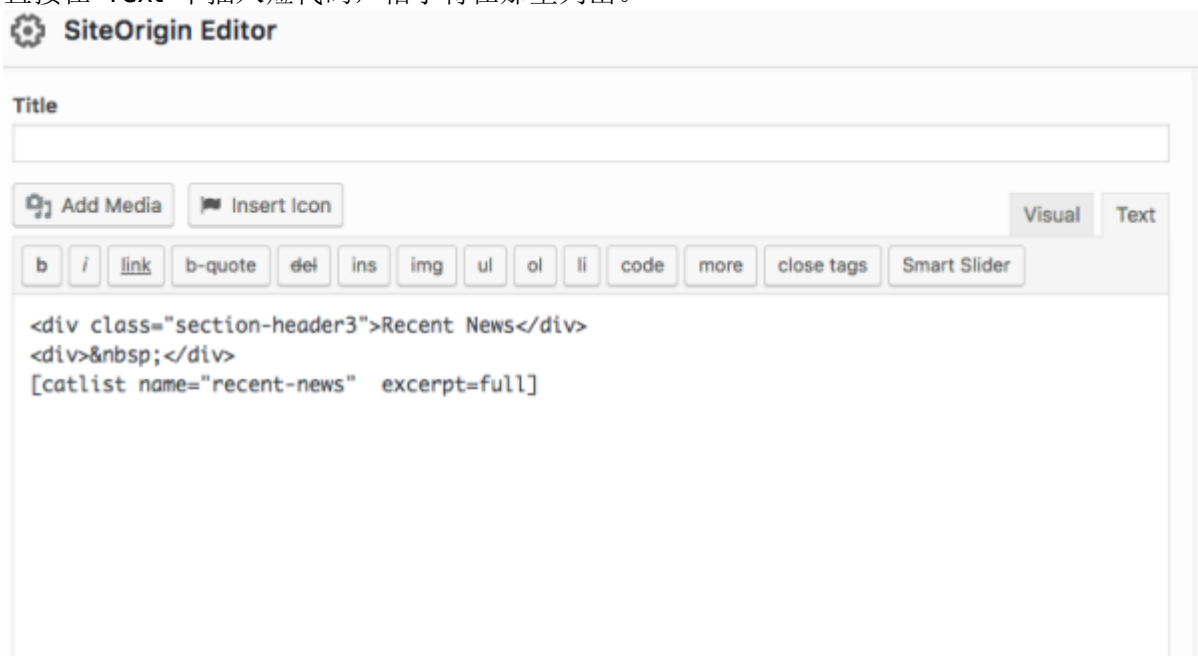

•

在“Text”形式下可以加入一些html代码来控制摘要字体的颜色，大小等等

List category posts

- List category posts是使用[catlist]短代码在帖子或页面中按类别列出帖子，当编辑页面或帖子时，直接在“Text”中插入短代码，帖子将在那里列出。

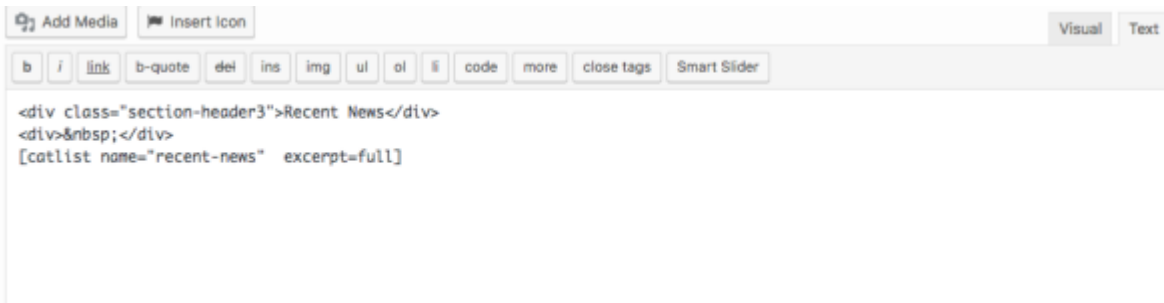

•

- 基本用法是这样的：

```
[catlist id=1]
```

```
[catlist name="news"]
```

- 要显示每个帖子的摘录使用 `[catlist excerpt = yes]`
- 列出“Dogs”类别的帖子 `[catlist name = Dogs]`
- 更多参数请参考: <https://github.com/picandocodigo/List-Category-Posts/wiki>
