Services Provided by Questwork

- Congress Website
- Congress System
- Congress App
- Congress Helper App
- Speaker Ready Room System
- Onsite Engineer support

Congress Website

Reference, <https://2023.apaophth.org>

Create and maintain dedicated “congress website” for public visitors. Provide training to organiser so that they could update the website content in a timely manner.

Features:

- using Wordpress CMS
- support wide range of free plugins to enhance website
- support multilingual display
- schedule popup reminders for specific sessions
 - using sponsor and exhibitor provided artwork for popup
- send push notifications via browser for public announcement from organiser

Congress System

Questwork “Congress System” is an All-In-One solution for scientific congress organiser.

Target users Organisers

It greatly reduces the workload in providing the following features:

- Online Registration
 - Multiple ticket types - Early Bird, Advance, Standard.
 - Multiple categories - Ophthalmologists, Healthcare Professionals, Trainees, etc.
- Online Payment
 - Support most popular payment methods, such as Visa, MasterCard, American Express, UnionPay and Google Pay
 - Multiple concurrent payment gateways - PayPal, Stripe. Eliminate the problem of restricted access to certain payment gateway in some countries. e.g. Pakistan could not access PayPal.
- Registration confirmation and receipt email
 - Auto send out confirmation email upon application.
 - Auto send out receipt email upon payment.
 - The QR code in the receipt email also serve for onsite check-in.
- Onsite check-in
 - Fast check-in by scanning receipt email QR code.
 - Manual check-in by searching participant's name, email, etc.
 - Avoid duplicate entry via real time participant's status update.
 - Real time attendance dashboard for organizer.
 - Optionally print badge with pre-defined format and style.
- RSVP Speaker, Judging Panel or Abstract Reviewer invitation
 - streamline the invitation process by using pre-defined email template.
 - nearly 2,000 invitations have been sent.
 - Increase response rate by embedding accept or reject links in email directly.
 - over 90% response rate
 - Auto notify organiser of invitee response by email.
- Breakout Sessions
 - Setup session schedule in calendar view.
 - Support concurrent breakout sessions.
 - Speaker crash alert to avoid assigning same speaker in concurrent breakout sessions.
 - easily keep track of >700 speakers schedule.
 - Allow speaker to review their own schedules online.
- Abstract Submission and Review
 - Multiple type of abstract - Free Paper, Video, E-Poster, Poster, Instruction Course
 - allow upload of PDF, video files along with submission.
 - Assign submitted abstracts to reviewer automatically.
 - greatly reduce workload as there are more than 1,500 abstracts and 300 reviewers.
 - Proof-read submitted abstract and export data for abstract book printing.
- Travel Grant Application
 - Allow participant to apply for travel grant.
 - Organiser could setup a judging panel by invitation.
 - Manage application result and waive corresponding participant registration fee.

Congress App

The "Congress App" could be customised to add Sponsor and Exhibitor provided

banners, popup ad.

| | |
|---------------------|-----------------------|
| Target users | Congress participants |
|---------------------|-----------------------|

Features:

- Daily popup reminder for upcoming session
- Delegate login with same congress system credentials
- Session calendar
- Speaker profiles
- Abstract reading
- Sponsor and Exhibitor profiles
- Congress information
- Floor plan
- Push notifications for public announcement
- Daily congress updates

Congress Helper App

The “Congress Helper App” is used to handle the onsite check-in, onsite new registration, session attendance, merchandise or gift redemption, etc.

| | |
|---------------------|---------------------------|
| Target users | Organizer, Onsite Helpers |
|---------------------|---------------------------|

Features:

- Onsite check-in with real time status update
- Search registration by name, email
- New onsite registration
- Pre-ordered merchandise or free gift redemption
- Session room attendance
- Badge printing

Speaker Ready Room System

The “Speaker Ready Room System” is used to manage the speaker presentation files. Speaker could upload presentation file and playback in breakout session rooms.

| | |
|---------------------|----------------------------------|
| Target users | Speakers, Session Room operators |
|---------------------|----------------------------------|

Features:

- Speaker login with same congress system credentials.
- Speaker reviews his/her own schedule.

- Speaker uploads single or multiple presentation files for each session/topic.
- Session room operator reviews uploaded files for each session/topic.
- Session room operator plays back presentation files according to session schedule.

Onsite Engineer support

Questwork also provides onsite engineer support to organiser.

Our services include:

- On loan of badge printer, android mobile phones
- Setup of registration counter for delegate check-in.
- Setup of speaker ready room system.
- Setup of session room playback system.
- Monitoring and troubleshooting of various systems and network.
- Providing help to organiser in updating website and send out push notification.
